## **Who & What**

---

The gathering of Warbirds and Legends is a reunion of the people and aircraft of the 1930's and 40's, as well as the owners and pilots that operate these same actual aircraft today, and those citizens that appreciate this period in American History around the time of World War II. The gathering is also designed to be a unique vintage air show, and a tremendous amount of rare and unusual period aircraft will be on display. Many will fly during the event. This is arguably the largest single location gathering of rare and vintage WWII aircraft ever assembled in one location.

## **Warbirds & Legends**

---

The entire theme for this event is patriotic, non-profit and self-funded, with no government support whatsoever. All pricing for food on site, admission, and local hotels are very reasonably priced so that all can enjoy. Any vet from any service is always free admission, parking is free for all, and the event could be an on-going annual event for the Topeka community based on local support results. Please help by volunteering or simply attending and paying your respect to the men, women, and machines of this time period. You will find the theme very respectful, and very reasonably priced. For more details visit the website.
